

STUDENT RESOURCES

La Salle prides itself on putting students first and developing community among all of its members. Some of the most important experiences students have take place outside of the classroom during unplanned hours in a variety of locales. There are resources that directly support classroom learning and groups centered on common interests or lifestyles, academics, Greek life, and sports, as well as service, travel, and internships. If an activity or service you're seeking doesn't exist, let us know and help us create it. After all, part of exploration is invention.

Art Museum

The mission of the La Salle University Art Museum is to further the University's Lasallian educational objectives by helping students, other members of the University community and the general public to experience significant, original works of art in an intimate setting and to place them in meaningful contexts. In addition to acquiring, preserving and exhibiting its collections, the Museum offers viewers an opportunity to sharpen their aesthetic perception and to investigate the interrelationships which emerge between art and other disciplines. As a teaching museum, the La Salle University Art Museum complements classroom instruction and provides experiential learning opportunities for students.

Located in Hayman Hall, the La Salle University Art Museum's core collection focuses on Western art, with a comprehensive selection of European and American art from the Renaissance to the present, featuring examples of most major art movements with a range of subject matter. This core collection includes close to 350 paintings, 65 sculptures, 500 drawings, 3,000 graphic prints, 175 photographs and a few items of furniture and decorative art. The Art Museum also owns a wide range of special collections of non-Western and ancient art. Selections from works which are not on permanent view often form the basis for temporary exhibitions, sometimes supplemented by loans from other museums. For more information visit the online collections database (<http://artcollection.lasalle.edu/?sid=530128&x=2764374>) or contact artmuseum@lasalle.edu.
