

POST-BACCALAUREATE PREMEDICAL, CERTIFICATE

La Salle University's Post-Baccalaureate Premedical Certificate Program affords individuals an opportunity to change their current career path with one in the health professions. This program provides students with the necessary prerequisites for admissions into medical school or another health professions program. The program is not intended for post-baccalaureate students who need to enhance their academic profile by retaking these undergraduate prerequisites. Students in La Salle's post-baccalaureate program have undergraduate degrees in engineering, business, and liberal arts.

Post-baccalaureate premedical students can choose to complete the program in 15 months or 21 months. The premedical prerequisites include general chemistry, organic chemistry, physics, biology and math, and additional elective courses. At La Salle these courses would be:

Code	Title	Credits
CHM 111 & CHM 112	General Chemistry I and General Chemistry II	8
CHM 201 & CHM 202	Organic Chemistry I and Organic Chemistry II	8
PHY 105 & PHY 106	General Physics I and General Physics II	8
BIO 210 & BIO 230	Integrated Biology I- Molecules and Cells and BIO 230-Integrated Biology II: Populations and Systems	8
MTH 113		4
Total Credits		36

All courses are taken with La Salle undergraduates. Students who complete a minimum of seven science/math courses in this program receive a Certificate in Premedical Sciences.

The post-baccalaureate program has established Accelerated Acceptance programs with Robert Wood Johnson Medical School and The Philadelphia College of Osteopathic Medicine. Eligible candidates can apply and be accepted and matriculate within the same year. Requirements for each of the accelerated programs can be found at the Post-Baccalaureate Premedical Certificate Program Web site: (<https://www.lasalle.edu/post-bacc/>).
