

INTEGRATED SCIENCE, BUSINESS, AND TECHNOLOGY

Mission Statement

Consistent with La Salle University's mission and the Christian Brothers' heritage, the ISBT program supplements La Salle students' liberal and value-based education with further breadth in multidisciplinary science, technology, and business areas. Within the ISBT program the ISBT faculty are committed to providing students with a liberal education which promotes their discovery of values used to temper the connections made among the ethical, moral, scientific, and business aspects of real-world problems, especially those addressing the needs of the greater Philadelphia area. The ISBT program challenges the student to manage complex projects and communicate effectively in a collaborative team environment.
